#### **CURRENT POSITION:**

SVP/Promotion MCA Nashville

**PASTRADIO POSITIONS:** VP/Radio Marketing UMG Nashville, Dir/Label Services Mediabase, Manager/International Development Country Music Association, Promotion Coordinator at Lyric Street Records and Executive Assistant at Aristomedia

CLOSEST LABEL FRIENDS: My #1 gal pal is Katie Bright. She's fierce, funny and fashionable. Chris Schuler is the brother I never had, and if we go for more than an hour without communicating, I develop an eye twitch. The SLAY-dies of MCA: Anna, Briana, Donna Jo, Kaileen, Michelle and Miranda are truly my extended family –there aren't enough words to describe how unique, amazing and inspiring each one of them is and how privileged I am to work with them. Same goes for the national team of Royce, David and Donna. Steph and Brian Wright and Damon Moberly go way back to the MCA/Mercury days on Music Row and I adore them. I still refer to Sony's Shane Allen as my work husband even though we're now competitors. And she's not at a label, but Dixie Owen and I started as babies in this business. We've seen each other through 20+ years of ups and downs together and she's one of the best humans I know.

**ALL-TIME TOP 5 RADIO STATIONS, ALL FORMATS:** I moved around a lot as a kid but a couple stations that stand out from my formative years. KUBE/Seattle and WMMY/Boone, NC

#### HOW HAS COVID-19 AFFECTED YOUR COMPANY & STAFF IN 2020:

It's definitely brought us closer as a staff. We've all run the gamut from being excited to be home to feeling trapped, anxious and overwhelmed. We have several moms who have had to navigate home-schooling in addition to their jobs and I'm in awe of how well they juggle everything. We're incredibly fortunate that we genuinely love each other, so when any one of us is struggling, the team rallies around in support. There's great opportunity in uncertainty and it's challenged us to approach our jobs and our lives in a different way, and we're becoming a stronger team as a result.

#### EXAMPLES OF ARTISTS WHO KEEP REACHING THEIR FANS IN THIS DIFFICULT ENVIRONMENT AND YEAR:

Keith Urban set the bar for virtual performances right out of the gate. The surprise album from Taylor Swift has been the saving grace of 2020 for a lot of people. I've loved all the 'live from the living room' performances from my favorite artists. My college roommate and I have virtual viewing parties every time the Indigo Girls do a show and it's been so fun to reconnect with her as a result. Music has kept a lot of us sane through this.

FAVORITE CURRENT ARTISTS: The Aces, Halsey, Kacey Musgraves, Lucie Silvas, Lizzo

**ALL-TIME FAVORITE ARTIST:** Heart, Indigo Girls, Sarah McLachlan, Kim Richey, Fleetwood Mac, Ella Fitzgerald, Etta James and Dolly Parton

#### GENERAL PHILOSOPHY IN PROMOTING NEW ARTISTS AND NEW MUSIC FROMESTABLISHED ARTISTS:

Focus on the passion and the positives.

PEOPLE HAVE INFLUENCED MEMOST OVER MY CAREER: My Dad, Luke Lewis, Jeff Walker, Mike Dungan

I'DLIKETOBEREMEMBEREDFOR: In the words of Golden Girl Rose Nylund, "I want to eat life."

### **CHARTS/POWERS:**

- Airplay is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations Top 25 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.
- **2 Retention** is calculated by listener Tune-In and Tune-Out using trailing 6 weeks, weighting the most recent week double, and the five weeks prior equally.
- **3 National Callout** contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.
- 4 **Streaming, Audio & Video** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated as PENDING. Pending songs do not affect the Total Performance Score in any way.
- **5 Sales** is base on 14 days trailing results. Songs with insufficient data are designated as PREDING. Pending songs do not affect Total Performance Score in any way.

### **HOT ZONE / DEVELOPING**

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

### **RECURRENTS**

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

### **ACTION**

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

### STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.
