MICHAELS-TRUEBA

INTEL

CURRENT POSITION:

DIRECTOR OF
BRANDING AND
PROGRAMMING FOR
ADULT CONTEMPORARY
WFEZ (EASY 93.1) AND
URBAN AC WHQT
(HOT 105) @ COX MEDIA
GROUP MIAMI

You're spent your life and career in Miami. The city (and its music) seems to be blood to you. What if you were picked up and transported to Seattle to program? What would you have to learn first? And what from Miami could you bring to Seattle Radio?

Just like the Magic City of Miami, the Emerald City of Seattle has its unique nuances, cultures, and vibe. I'd search for those, educate myself, seek to know more, and surround myself with that energy. Then I would make sure the brand I'm responsible for vibrates with everything that is Seattle out of the speakers. Your brand has to represent and sound like the city it's in. I love Seattle BTW, beautiful city.

Your listeners are used to a steady diet of "Active" records. Besides Airplay charts, where do you look to find new active singles?

Of course, YouTube, TikTok (Thank God I have a nine-year-old), Social media, and anywhere that music is played. I observe behavior. When songs come on, is the target demo singing along, posting about it, sharing it, using it in videos? I read the comments, and I also look at the Shazam, Apple Music, and all of the other sources' charts. I gather as much intel as possible. For example, when I go to Bed, Bath, and Beyond and their music service is playing throughout the store, I actually look to see if the women are singing along to the song that's playing. I've actually discovered new songs to put in rotation from those moments after researching them for my brands. That's how deep I get into this, man!

You are going to dinner at your favorite restaurant in the world. Your dinner date can be anyone living or... ah, like, not. Where would you go, what would you order, who is your dream dinner companion and what would you discuss?

Favorite restaurant in Miami would be Bourbon Steak in Aventura (I'd order an old fashioned and the 18 oz Delmonico rib eye) but outside of Miami it would be the restaurant at the Sunset Tower in West Hollywood California (I'd order their famous chili bowl, OMG).

Deciding on my dream dinner companion is a tough choice because there are some many interesting and brilliant people that I'd love to share a dinner and conversation with, but I'd have to go with... Michael Jackson. I never had the opportunity to meet him before we lost him, but anyone that knows me knows that I'm his biggest fan. I'd ask him about his childhood, his career, his family, his inspiration for making music, being an innovator, and if he had any regrets.

In these days of digital discovery, what can terrestrial radio do to engage and keep the younger demo listeners?

Be local, local, local and feature personalities that are engaging. I remember growing up listening to radio and what made it magical for me was the personalities coming out of the speakers and they sounded so connected and fun. They were my best friends and companions. Radio is about the moment. The great brands are connected to our communities and know how to create those emotional connections with the audience that are priceless and create brand loyalty and awareness.

Your personal opinion please: What are three of the best darn singles in the history of radio?

This is so difficult to answer. How are you going to do this to me? With so many amazing songs and artists. I know I'm going to mess this up and regret missing a life changing song, but here goes.

Michael Jackson- Billie Jean | The Eagles – Hotel California | 2 Pac – Dear Mama

C'mon, give me some honorable mentions at least. Nirvana – Smells Like Teen Spirit | Prince – When Doves Cry |

John Lennon – Imagine | Bob Marley – No Woman, No Cry | The Police – Every Breath You Take

Earth, Wind, and Fire – After The Love Is Gone | Billy Joel – My Life | Marvin Gaye – What's Goin' On

Shout out to your professional heroes? You have the mic!

I've been blessed to be surrounded by so many iconic, talented, and brilliant minds throughout my career.

Willie B – Miami radio personality who first saw my talent while I was interning in the sales department and plucked me outta there and brought me to programming, where I really wanted to be. He started my career.

Mitch Wein – former Chief Engineer in Miami. He brought me to Cox. Tony Kidd - My mentor, my friend, my Yoda! Tony taught me how to be a programmer and strategic thinker. A lifelong friend. Rich Reis – First GM to believe in me as a programmer and hired me to lead start up, WPYO in 1999. I owe him so much. Bill Tanner (The G.O.A.T) RIP – I grew up listening to his wonder and magic in Miami and he was my first consultant as a first time PD at WPYO Orlando. I learned so much from him. Jerry Rushin (My Godfather and Father figure) – Iconic living legend in Miami, he put WEDR on the map and picked me to lead WHQT in 2006. When my father died in 2011, he called me in his office and said these words to me, "I'm your daddy now." I keep asking him if he's put me in his will. Rob Babin – Rob taught me how to use my emotional intelligence and made a huge impact in my development as a leader. Steve Smith – I've known and worked with Steve since 1999. By far the best talent coach and developer in our business. Steve and I are a lot alike. Crazy passion for what we do. We love radio!

My current local CMG Miami leadership team of our VP/GM, Ralph Renzi and our OM, Jill Strada for their leadership and trust they have in me in leading our two biggest brands in Miami. All we do is WIN!

I cannot omit all of the talented and legendary personalities I've had the honor and privilege to work with that have had some influence and impact in my career as a talent coach, developer, and successful programmer. Without our teams, we are just individuals.

OLIVIA RODRIGO

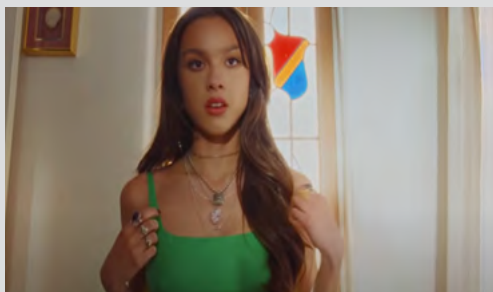

“DEJA VU”

THE APPLE MUSIC INTERVIEW

I have a feeling that we’ve seen this interview somewhere before. “Deja vu” from Olivia is clearly in the MMI fast-lane to Hitsville. Here’s a cool inside look as Olivia chats up Apple Music’s Zane Lowe and walks us through the lane change from “Driver’s License” to the creation of “Deja vu”. [Click Here](#)

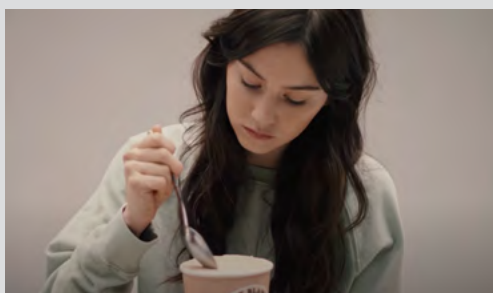

Check out these videos hand-picked by our staff!

OLIVIA RODRIGO - "DEJA VU"

Here's the story and it seems oddly familiar: mega-talented singer-songwriter with a massive social media and MMO (Modern Media Outlets)-following releases a single and then it becomes the biggest single on the planet Earth. I feel like we've just recently been here before. Olivia changes cars and costumes, but not the theme of this harrowing heartbreak, as she slams onto the MMI airplay chart with "Deja vu." Wanna cruise up the PCH in a cool car with a big hit? Click here!

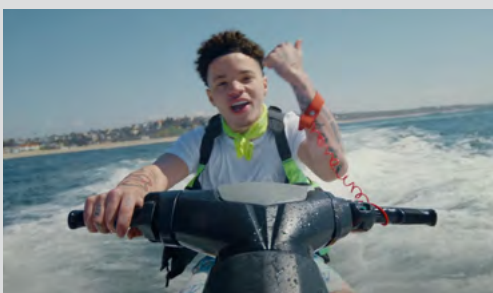

BENNY BLANCO & GRACIE ABRAMS - "UNLEARN"

Gonzo producer-writer-musician Blanco Brown teams up with LA's song-writer sweetheart, Gracie Abrams, and plops her on top of a heartbreak-driven pile of empty ice cream containers. This ode to binge-eating with a theatrical twist is no small wonder, considering Gracie is the daughter of acclaimed cool director J.J. Abrams. If you want to "unlearn" how to get past a bad breakup, just grab a spoon, climb up, and click here!

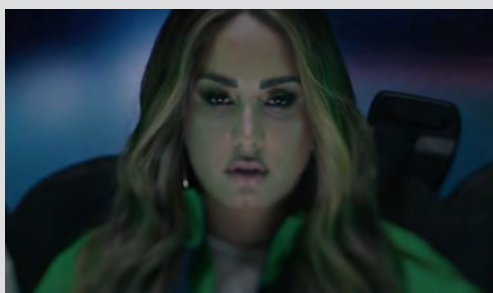

ALL TIME LOW - "ONCE IN A LIFETIME"

Springtime always kicks the door open for some fresh sounds and high energy. And even though All Time Low reflects the groove of the Alt-Pop masters who came before them, they always inject some pure pop fun into a playlist. This almost breaking-and-entering video scenario ain't nothin' but a house party. So, roll the windows down, turn it up and click here!

INTERNET MONEY FT. LIL MOSEY & LIL TECCA - "JET SKI" (OFFICIAL VIDEO)

Looks like Internet Money is cashing in on recent fame and is building a bridge to all things fun in the sun! With the help of a couple-ah Lils (Tecca and Mosey), Mr. Money has a jet full of plans with his high-flying friends. Buckle up and click here:

DEMI LOVATO - "DANCING WITH THE DEVIL"

Last week MMI brought you a peek at Demi's docuseries, "Dancing With The Devil," and today we're going to take a look at the dramatic re-creation of the event that spawned it all: her widely publicized overdose. Talk about facing your fears. What else positive came from this madness? Possibly her best vocal performance to date, as she wails her way to go toe-to-toe with the bluest and best of all time. For an amazing performance, click here!

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 RETENTION is calculated by listener Tune-In and Tune-Out using trailing 6 weeks, weighting the most recent week double, and the five weeks prior equally.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
