MOOSKI TRACK STAR

The Number 5 video slot belongs to Mooski. His single "Track Star" is sprinting up the research charts but he's having trouble keeping pace with his girlfriend! To hit the track, click here:

CURRENT POSITION:

SENIOR
VICE PRESIDENT
OF PROGRAMMING

You have run the gamut of aggressive Top40 to calculated Hot AC....all in majors markets. Is it a blessing or curse to be early on new music?

It all depends on your brand strategy and that is dictated by your listeners appetite for new music. Generally speaking I've found that CHR listeners want and expect more new music while AC listeners tend to prefer less new music. So I suppose it's knowing your audience.

You are living in a space station in tight quarters orbiting Mars for 6 months. You are stuck with 3 other astronauts of your choice. Who are they and why?

I am going to go with 4 other astronauts- John, Paul, George and Ringo! And if there's room, Elon Musk because if the ship breaks down, he'll figure out how to get home.

If the target audience for KBIG could be personified into one human. What would this person look like, where would they go after work and describe their music consumption routines?

Thirty something, active adult with kids or is planning to have kids. She's a career professional who stays up to date on the latest trends in music, TV and movies. And she loves MYfm!

Growing up and falling in love with radio, what was the single radio station that had the most profound effect on you personally and career-wise.

That's easy- Q107 (WRQX) in Washington, DC. I listened to the station every morning while getting ready for school and then in the evening in my bedroom while I was doing my homework. I knew every song and every jock- including the part timers. Eventually I got a job at WRQX- answering

phones, driving the van and that's when my real education started. The Q107 team was generous with their time and shared their knowledge- Alan Burns, Donna Burns, Mary Taten, Pam Trickett, Dude Walker, Doug Limerick, Gary Murphy, Sandy Weaver, Jim Elliott, Scott Woodside, Uncle Johnny, Vivienne Vaughan, Randy Lane and so many more.

About 20 years ago, you left me stranded in a Tequila Bar at 2am in Paris, France. Even though I'm over it and eventually found my way home thanks to the Paris Police....did you forget that I didn't speak French?

It was a deliberate and conscience move! I knew that the best way for you to truly learn about Paris was with a rapid immersion course! And viola monsieur, you're better man because of it.

Bonus round: You have front row center seats for any artist living or...not. Who would that be?
See question 2, above.

LITTLE SIMZ

“INTROVERT”

As music evolves, the moniker rapper/poet is becoming as common as singer/songwriter. Such is the description for London's Little Simz. She's definitely causing global ripples with "Introvert", a piercing dramatic groove that is tough as nails yet anthemic and beautiful. The music is produced by Inflo who, if you don't know is well worth a google. This 6 minutes cinamazing clip is a heart thumper. To get really real, click here:

MIMI WEBB - "GOOD WITHOUT"

Another Tik Tok Star explosion? Well yes... but no, too. Mimi has been singing/ songwriting/ studying music in her UK home for a good minute and was actually signed to SonyUK before she blew up on the social media springboard. In this heartbreaking sleep-over clip of her global smash "Good Without," she gathers her BFFs for a wine, nail-polish and hair-do support group. Need group therapy? Click here!

JULIA MICHAELS - "ALL YOUR EXES"

Ladies, some advice from MMI: If you used to date old what's-his-face, DO NOT accept an invitation from Julia Michaels! You will be carved up like a Thanksgiving turkey. Taking some tips from 'American Psycho,' Jules bashes some brains, hacks some heads and serves dinner to the dead! In this video, "All Your Exes" never make it to Texas! Click here!

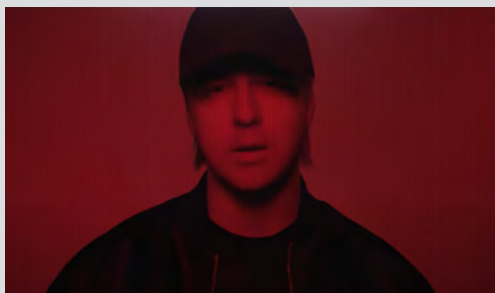

TIËSTO - "THE BUSINESS"

Calling all cadavers: While we're on the subject, the dead can sure dance! Global phenom DJ Tiesto traumatizes the dinner-diners before boarding a bus for a zombie disco-dance party. In this clip of "The Business" you'll want to give the cast a hand. They'll need it. To die laughing, click here!

POLO G - "RAPSTAR"

For a Chicago kid of barely twenty-two, Polo G has a lot under his sequined belt. And, in a streaming world, that includes a platinum album. "RAPSTAR" exploded like a supernova to the top of the sales charts and now is twinkling at radio. The familiar theme of too much, too soon, too fast cuts through. To board the jet, click here!

ATB, TOPIC, A7S - "YOUR LOVE (9PM)"

MMI Cool Concept Alert: this multi-artist combo clip has a lesson within the lesson portrayed in a Flashdance-kinda throwback theme, wrapped in a metaphoric audition. Wut? This dark, cool, vibey video simply states that "Your Love" works best when shared. Click here!

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 RETENTION is calculated by listener Tune-In and Tune-Out using trailing 6 weeks, weighting the most recent week double, and the five weeks prior equally.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
