I Love Again

AMANDA HABROWSKI INTEL

CURRENT POSITION:

PROGRAM/MUSIC DIRECTOR

PORTLAND, OR
ALPHA MEDIA

You didn't find love on Flavor of Love 3, but you did find love in cheese. Which cheese best fits your personality and why?

The best cheese that fits my personality is Swiss. I wear my emotions on my sleeve and I'm a terrible liar to where people can see right through me. I'm not edgy because I prefer to savor the best parts of life and people admire me for that.

You are in charge of putting the acts together for "AMANDAPALLOUZA!" You need to mash 9 artists up from 3 formats, Top 40-hip hop, Alternative & Country (yeaaaaabuddy). What's the line-up and can you get us a back-stage pass?

I got you on backstage passes NO problem! Get ready for the concert of a lifetime with special guest appearances from Dua Lipa, Lil Nas X, Ed Sheeran, Glass Animals, Borns, Weezer, Kane Brown, Walker Hayes, and Sam Hunt (hubba hubba)!

If you had to use 3 adjectives to describe your programming style, what would those 3 words be? How do you compete against local market competitors and the digital world?

3 adjectives to describe my programming style would be custom, authentic, and timely. I use all three of these adjectives when it comes to competing against local market competitors and the digital world. Being local up against the big dogs who are not and most often syndicated, we have the upper hand of being custom with our imaging, music library, social content, etc. We also have the ability to adjust our playlists in real-time should local or global news break in addition to new music releases to be the first to inform our audience.

If you could turn into an animal, what would it be? How do the characteristics of this animal relate to your personality and your job?

I would definitely turn into a cat as the characteristics of this animal apply to my personality 100% both in and out of the workplace that some people may find endearing and others off-putting. I can be inquisitive, friendly, playful, active, loving, and independent. Shout out to my cat, Smoke Man, who is all of the above!

Your hero (anyone.... living or not so much) is coming to your house for dinner. Who is it and what are you preparing?

(Here's the catch...you have to be able to prepare it). The hero coming to my house for dinner would be Howard Stern for being the bold, bad-ass he is and for inspiring me to get into this crazy industry. I would be preparing my awesome air-fryer Chicken Parmesan with extra parmesan cheese of course. Throw in some Pinot Noir on the side and some air-fryer apple hand pies for dessert.

Growing up, what radio stations and air personalities inspired and influenced you and your current programming philosophies?

Growing up in Detroit, my go tos were WKQI and WJLB. Beau Daniels, Mojo, Spike, and Bushman all come to mind as air personalities that all played a part in who I am today in this industry. They've all inspired me to continue to work hard because, well, Detroit Hustles Harder. I still keep my studio lights the same as Beau did - nice and dim to set the vibe for the entire show. I also have to shout out Phil Becker for the programming philosophies. He and I have worked together for 10 years now and have had way more wins than losses. I couldn't be more thankful for his mentorship.

Words of wisdom you would give to your younger self 15 years ago?

Continue to learn and grow from your mistakes. Know your worth and never let the negative comments, calls, or social posts get you down. Speak up when you're not happy or have questions about anything

"FANCY LIKE"

Be aware. Be very aware. This odd-ball left of center behemoth gargantuan fireball of a single is blowing up like a kerosene dipped Bic lighter in a meth lab. Please don't say "well that's a Country record cuz your doppelgänger Country programmer is saying "well that's a Top40 record" and before that gets out of your mouth and into the ether, this wild-fire focused bazooka is gonna jump up and bite you square on the butt. If you get all googleious and TRY to count the different fan videos, live postings, home-made porch dancing, TikTokking hits on this you're gonna need a break around a zillion. There's is a reason SiriusHits1 is banging it. Makes no never-mind if you're hip-hop, hillbilly or high brow... Your listeners already know it and the whole family will be car dancing and wailing their hearts out all Labor Day weekend. Quit acting all "Fancy Like" and click here:

LIZZO FT. CARDI B - "RUMORS"

MMI Potty Mouth Alert: Ok, send the kids into the next room before you check out this AWESOME new production from Lizzo! Our girl brings the bling on this gold-plated video high-wire act that features an oh so pregnant Cardi (Stands for Big Baby Bump) B. There's far more shaking than the leaves on the trees in this shiny, glittery bejeweled groove-a-thon. Not sure what you've heard but for the latest "Rumors"..

click here:

MADISON BEER - "RECKLESS"

What an eye-catching video from New Yorker Madison Beer. She's the shining example of the modern pop-ette. She started posting online covers which led to some television and other exposure, including a visual re-posting push from Justin Bieber. Her single "Selfish" ended up with a gold certification from savvy WWW wrangling. Madison was way hands on with this fantastic clip of "Reckless". Watch a mega theatrical heartbreak become a visual extravaganza by clicking here:

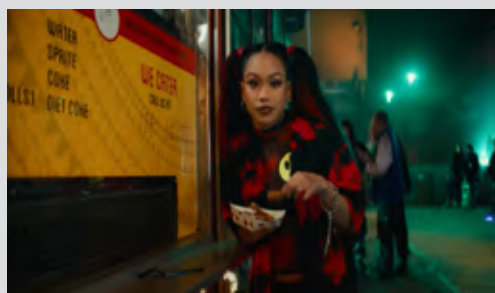

WIZKID FT. TEMS - "ESSENCE"

WizKid is a musical chameleon. If you follow him, you know he's a master multi-personality performer who is also Starboy, Wizzy and Lil Prinz (and others). WizKid has won so many international awards that there's a legend that he has competed against himself (as different artists) in awards categories! In "Essence" Wizzy teams up with fellow Nigerian Tems to deliver the oh so clever line "...you don't need no other body". Now why didn't we think of that one. Click here:

THE WEEKND - "TAKE MY BREATH"

The Weeknd is back with new music, a new album and a new single that sounds like a way synced-up 80's revisited. Our Friday/Saturday friend puts a way modern spin on some retro beats in the sordid tale of late night club life that will leave you all choked up. You'll gasp when you see what happens in the bunker while barely breathing. He and his late night love interest clearly need to air out a few things before sharing breathing tubes. But breathe easy and keep telling yourself "it's only a video". Click here:

MK XYZ - "ONE TIME"

Name changing seems to be "a thing" this week. Floridian and frequent G-Eazy collaborator MK XYZ is the same humanoid that we used to know as Soul Floetry. Ms. Z is also an award-winning dancer whose track and video credits are pretty darn impressive. In this way hot clip of "One Time", we see that Z and crew have moves for months and the single is pinging the MMI radar like a pin ball machine on Saturday night. Go ahead and click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 RETENTION is calculated by listener Tune-In and Tune-Out using trailing 6 weeks, weighting the most recent week double, and the five weeks prior equally.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
