# MEAT LOAF

## HOT PATOOTIE-BLESS MY SOUL

DEEP FREEZE

Before "Bat Out of Hell" there was "The Rocky Horror Picture Show". And all of us (well, most) have been there, throwing the toast and rice while we danced to 'The Time Warp' and covered our heads with newspaper....usually at midnight screenings.

Meat Loaf had his big screen and arguably mainstream music debut as Eddie, the deep-frozen dead biker that rocked the theater and made you dance to "Hot-Patootie." He emerged from the quirky film classic as an unlikely rock star and paved the way for 1977's *Bat out of Hell*. And now our hero is in *Rock n Roll Heaven*. Considering his cinematic debut.... We can honestly call our beloved lost Meat Loaf a "monster talent." Click on video.

## The A.S.A.P Study

**ACTIONABLE:** A 10-minute interview is flexible but demands knowing the possible actions that might be taken.

**SPEEDY:** A 10-minute interview means the study gets into the field faster. A 300-person sample means that it will get out of the field faster. In the top 40 markets it's four weeks or less from approved questionnaire to presentation.

**AFFORDABLE:** An all-in cost of \$9500 minimizes risk and helps ensure a return on every budget dollar.

**PERCEPTUAL STUDY:** Quantitative research with scalable results from a well-designed, carefully-screened sample.

## CHOOSE ONE FROM THREE STUDY DESIGNS:

**Morning shows:** What kind of show is in demand? Are there image leaders? What are the key audience benefits? Which images are contestable? Which features have gravity? Who are the hot personalities?

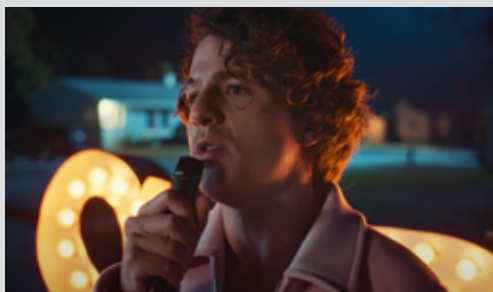

**Comprehensive station health checkup:** Are you optimally aligned among competitors? Strongest images? Most valuable images? Is your music dialed-in? Biggest threats? Easiest sources of new PI's?

**Roadmap for music:** The tightened interview allows testing of appeal for up to fifteen music styles, along with image questions.

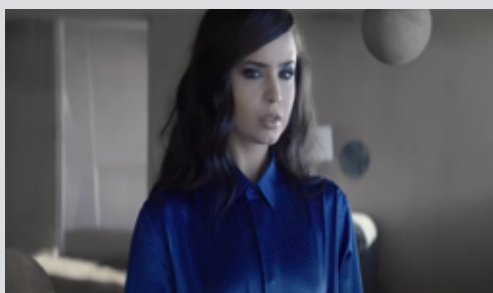

Check out these videos hand-picked by our staff!

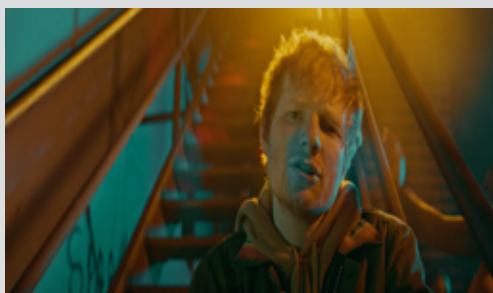

### CHARLIE PUTH - "LIGHT SWITCH"

In a video that would make Olivia Newton-John proud, Charlie Puth is back with an undeniable radio tempo-laden groove track. And darn it, it looks like our boy has found a life coach and is cleaning up more than his act. This smash is churning out "First Alerts" like light switches at a 6am shift change and puts fashion back in front of your video screen. Click here:

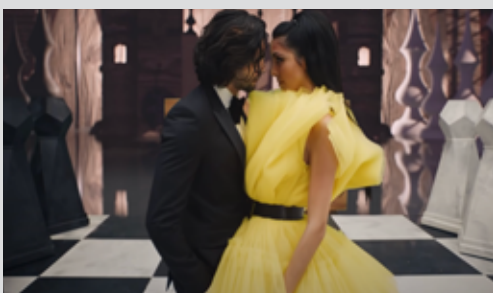

### SOFIA CARSON - "LOUD"

Lil adorable Disney baby Sofia Carson is all grown up! After a wild ride through Disney Channel stardom in films and TV, she's broken out big time with streaming numbers and the talent to match. In the video of "Loud" we sure as heck hear her message of independence and respect. It's a modern spin on the 80's single "Voices Carry" with a bad-ass twist on "Get Off of My Cloud". This is a high-tech sky high look at liberation with style and racy grace. Click here:

### FIREBOY DML & ED SHEERAN - "PERU"

Ok, we all know Ed and we all LOVE Ed but what do you know about the aforementioned Fireboy DML? Well, dudes name is Adedammola Adefolahan and he's a Nigerian singer, rapper, producer, and star.....He's stirred up some serious streams with his 2020 track "Jealous". Now he's teamed up with our also aforementioned dude Edwardo and they take us to a party to which we wish we had been invited, but weren't. Anywho, this track lit up the thumbs up meters in the MMI Music Meeting also known as the weekly MMIMM. Click here:

### JENA ROSE - "CHECKMATE"

Jena has all the moves. Rose blossomed on the Dance charts as a Texas teen. Multiple remixes later she was pinging numbers on the Billboard charts and building a Lone Star State sized social following. In this clip, Jena jumps around the chess board. We picked up on this groove called "Checkmate" on Channel Venus where's it's getting Sirius rotation! Click here:

### NIKI - "EVERY SUMMERTIME"

NIKI is part of the ultra-cool 88Rising Camp. The Indonesian born multi-tasking talented phenom has roots in songwriting, vocals and producing. At an early age NIKI's family brought her to the US where she became a self-taught guitarist and followed her dreams to Nashville's Lipscomb University. This "dorm-life" look is popping with retro Philly silk and makes the 80's sound modern again. This well-crafted track is a fresh air salute to a major emerging star. Click Here:

## CHARTS/POWERS:

**1 AIRPLAY** is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

**2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE** predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

**3 NATIONAL CALLOUT** contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

**4 STREAMING, AUDIO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

**5 STREAMING, VIDEO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

**6 SALES** is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

## HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

## RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

## ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

## STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

*NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.*
