The A.S.A.P Study

ACTIONABLE: A 10-minute interview is flexible but demands knowing the possible actions that might be taken.

SPEEDY: A 10-minute interview means the study gets into the field faster. A 300-person sample means that it will get out of the field faster. In the top 40 markets it's four weeks or less from approved questionnaire to presentation.

AFFORDABLE: An all-in cost of \$9500 minimizes risk and helps ensure a return on every budget dollar.

PERCEPTUAL STUDY: Quantitative research with scalable results from a well-designed, carefully-screened sample.

CHOOSE ONE FROM THREE STUDY DESIGNS:

Morning shows: What kind of show is in demand? Are there image leaders? What are the key audience benefits? Which images are contestable? Which features have gravity? Who are the hot personalities?

Comprehensive station health checkup: Are you optimally aligned among competitors? Strongest images? Most valuable images? Is your music dialed-in? Biggest threats? Easiest sources of new P1's?

Roadmap for music: The tightened interview allows testing of appeal for up to fifteen music styles, along with image questions.

SADIE JEAN WYD NOW? [OPEN VERSE MASHUP]

Oh my my, how our worlds have changed. The music consumption paths are equally radicalized by the systems that are available to artists. Meet Sadie Jean, an NYU sophomore singer songwriter who creatively connected the TikTok dots clicking the Open Verse Thingy with her already relatively viral hit "WYD Now"; a heartbreak spectacular sprinkled with Olivia to Taylor to Joni influence. The trick snagged the attention of way hot Lil Yachty who added his lyrical reply and then hit the gone-gator button. And so the new way to break is crystallized and a star is born. We're bringing you the full 10 minute viral version (complete with wooden kitchen spoon). For a listen to the "radio friendly version" just dial up SiriusXM's Hits1 where "WYD Now" is being pounded like Sonny Liston on a bad day. Click here:

Check out these videos hand-picked by our staff!

WE DON'T TALK ABOUT BRUNO (FROM ENCANTO)

We don't talk about comments like "surprise hit" because it's not - a surprise that is. It's certainly a massive global hit. But really, a surprise? The songs are written by Lin-Manuel Miranda (Hamilton Fame) and soundtrack singles have always been a mainstay at Top40. There are zillions....Titanic, Dirty Dancing, Saturday Night Fever come to mind. If you're not playing it, we won't talk about you but please click here:

TYGA, DOJA CAT - "FREAKY DEAKY"

MMI F.B.C. Alert: That stands for 'Futuristic Booty Call'. And in this cosmic clip of "Freaky Deaky", Tyga gets a phone request but unfortunately he's all tied up right now! He and Doja Cat have all the toys and gadgets for a big time and a big night in space. Hey, wanna watch? Click here:

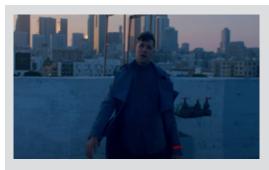

MACHINE GUN KELLY & LIL' WAYNE - "AY!"

As the video begins we see Mr Kelly summoning the troops because the video "drops tomorrow"! Whoops.... yo, let's get bizzy kwik. Solution: get into the costume room and see just how many whack-fits we can get into one shot. The result is a fun, flashy fashion romp deluxe. Click here:

KING & COUNTRY - "RELATE"

Check this out. This duo has billions of streams. They sell out stadiums. Your listeners know them. They are massive. So, does it make it difficult that they were born in Christian radio? It shouldn't. Pop plays Hip Hop, Alternative, R&B, and even Country cross-overs all dang day. This act may have more positive data than half the current Top40 chart. Treat yourself to one of their shows (if you can get a ticket). The audience is full of hip, young and devoted fans. Can you "Relate"? Find out and click here:

CHARLOTTE SANDS - "DRESS"

MMI Good Story Alert: So Harry Styles is on the Vogue mag cover in December wearing a dress. BFD, right? No...pushback galore from knuckleheads in the press. Moderately known Alt-pop-ette songbird Charlotte (I Don't Care fame) Sands writes and records "Dress" in support of Harry's hairy visible legs and fab attire. Track goes on Tik Tok and goes koo-koo and now radio is discovering it. Modern music biz, modern attitudes towards masculinity and a dang groovy single. Click here:

CHARTS/POWERS:

- **1 AIRPLAY** is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.
- **2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE** predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.
- **3 NATIONAL CALLOUT** contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.
- **4 STREAMING, AUDIO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.
- **5 STREAMING, VIDEO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.
- **6 SALES** is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
