CIARA

PLAYS ELLE SONG ASSOCIATION

At MMI we do the research thing and we've found that the open/share rate goes kinda coo-coo when we feature Elle Magazine's way fun Song Association Game. And since it's all about driving opens, likes, clicks, snaps and crackly pops, we thought we'd check out this cool round featuring staff fave Ciara. By the way, we do this in the MMI HQ to keep us all sharp and quick. If you're lucky, some week we'll video that and not post it! Click here:

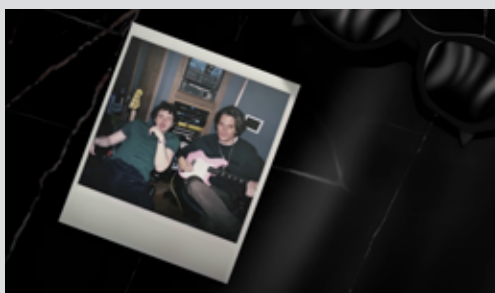

Check out these videos hand-picked by our staff!

LIZZO - "ABOUT DAMN TIME"

Yo, Lizzo. You are taking us to school and it's show 'n tell big time. Our girl Ms. L shakes all she's got to a flat out throw-back disco beat. There's a lot to love in this support group clip so grab all you've got and click here:

JACK HARLOW - "FIRST CLASS"

MMI Getting Lucky In Kentucky Alert: Louisville isn't only famous for bourbon and horses. Young Jack and his buddies made (and sold) their first mixtape on a microphone for Guitar Hero. Then he formed his own music collective that took off like the lead horse in the derby. In this snapshot heavy visualizer of "First Class", we find a hero has upgraded us from coach. Click here:

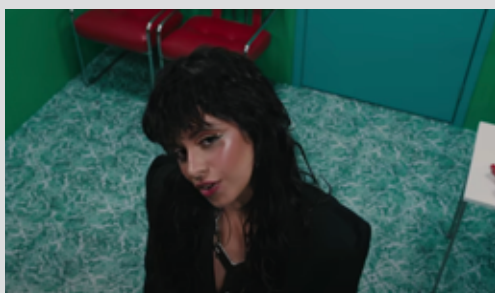

IMAGINE DRAGONS - "BONES"

MMI Bad Day at The Office Alert: If you're looking for these dragons, you'll find them on SiriusHits1 where this monster track popped up first for us. This corporate zombie apocalypse clip is nothing but a horror show set to music like a modern day thriller. Beware: you may lose your head if you click here:

LEAH KATE - "10 THINGS I HATE ABOUT YOU"

If you're feeling good about yourself, just listen to this catchy kitschy smash and it should clear all the self confidence up quickly. The quintessential DIY artist Leah Kate does it by the numbers as she tears down her ex with a list for losers. Note to programmers: her family owns radio stations so be nice. Click here:

CAMILA CABELLO FT. WILLOW - "PSYCOFREAK"

Camila is a big star. Movies, Grammys (2 actually), and big hits with both Fifth Harmony and solo smashes. So why is she climbing the walls? In "Psycofreak" she puts a whole new twisted twist on the term dancing on the ceiling. To take a trip around the room with one of Cuba's greatest gifts, click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
