PREVIEWS TONIGHT'S CMT AWARDS

Dang it Leslie, this feels BIG! Tonight's CMT Awards are on CBS. Right smack in the middle of network Prime-Time. How did this giant leap come about?

We've had so many fans of this show internally and year after year the support from ViacomCBS and now Paramount has been enormous. It only made sense to look inside the portfolio and take it to a wider audience. We're honored to have the CMT Awards on CBS!

Can we do a spoiler alert? Can you share one thing that "might" happen on tonight's broadcast that no one will be expecting?

Well, Carrie Underwood said in an interview that she is doing things on the CMT Awards that she's never done before while singing, so THERE'S THAT! And, The Judds will be performing together on TV for the first time in 20 years!

There's a pool floating around placing bets on who is going to have to coolest clothes and the most costume changes. I'm putting my benji down on Jimmie Allen. You?

Just google Jimmie Allen and Noah Cyrus from the 2020 CMT Awards! Most costume changes....the winner is... KELSEA BALLERINI!

CMT (and you particularly) have been on the cutting edge of expanding the horizons of Country Music. From championing females to opening the door wider to ethnic artists and artistic videos. Will some of the positive Mojo be evident tonight?

Always, it's part of our DNA and commitment to opening the door to underrepresented voice. We will also be announcing the next step with our Equal Play program.

You're married to industry icon and published author Lanny West. Let's imagine tonight's show is over, the afterparty is a wrap and you and the Lanster get to slip out to your favorite Nashville restaurant for a quiet dinner. Where would you go and what would you order

Well, Lanny is an amazing chef but at Midnight it might just be scrambled eggs and toast

Bonus Round: Simple one too! List 3 reasons why everyone should watch tonight's CMT awards.

Sensational collaborations, memorable performances and as always, a nod to the past, present & future of country music!

JELLY ROLL SON OF A SINNER

There's more than a little sumpthin' going on with Jelly Roll. The Southside of Nashville native has been buzzin' and happening in the HipHop world but his music is definitely Country to the core. The edge is rusty and sharp and his lyrics cut through deeply. And he ain't new neither. The big boy has headlined the Ryman and has touring chops for miles. The consumers are there. The research pings are looking like "Son of a Sinner" is about to face his radio reckoning. Click here:

MAREN MORRIS - "CIRCLES AROUND THIS TOWN"

MMI We're Just Fans Alert: NPR's Tiny Desk Concerts are the coolest. If you don't track the feature, you should. It's always a well produced "small bite" format of great music that features multi-genre superstars and way hot emerging talent. We loved this clip from the NPRTD series of our beloved Maren doing her big hit on a tiny desk. We also love her fresh mod throwback look. So now and so sixties. Click Here:

DYLAN SCOTT - "LIVIN' MY BEST LIFE"

A visual backstage pass! So many imagine the life of a superstar being all glitz and glamour but it ain't....It's bus bunks, bad coffee, waiting around, tiny bathrooms, sitting on boxes, more waiting, questions, gear snafu's, tight schedules, good food/bad food, where are we today, oh yeah. But we love it. Dylan captures it perfectly with this road glimpse clip of a day in the life. It's bus bunks to band shenanigans in "Livin' My Best Life". Click here:

ASHLEY COOKE AND BRETT YOUNG - "NEVER TIL NOW"

Look up "Love Song" and this is what you'll find. This is the track that's going to put bubbling under mega star in the front row of smoking hot singer songwriters. She and Brett smack the heck out of the poetic lyrics and stunning harmonies on "Never Til Now". Hey, if your looking for a new great song to match that white dress, you'll find it by clicking here:

ADAM DOLEAC - "SOMEWHERE COOL WITH YOU"

Adam takes us on a Country Music Old West travelog of wide-open spaces with "Somewhere Cool With You". The Mississippi boy turned college baseball star became an in demand songwriter before landing his current Sony major label home. For a breezy Country song with all the visuals, click here:

SARAH DARLING - "HUNGOVER"

Sarah brings us an artsy one-shot black and white video spin on the song "Hungover". A stylistic choice that forces the music to the front and gives Ms. Darling the platform to show us her consistently diverse talent. This one has a little "FleetwoodMacish Magic" sprinkled in as she spins a tale of a sobering broken heart. Click Here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
