CURRENT POSITION:

RADIO GOD/PROMOTION WIZARD/STAND UP GUY

You've programmed some of the biggest CHR Rhythmic and Country stations in the US, pivoted to a promotion exec at a major label then left to doah, am I reading this right? Stand -up comedy? How the heck did that happen?

Stand up comedy is something I always wanted to do but never had the balls to try it. People thought my life have always told me that I should do it andI had just gotten to a point where I was late 40's and not getting any younger. Now or never territory. So I decided that I would rather try and fail than live with the idea that I didn't pursue my dream because of fear. I couldn't live with that.

You're single "Hope The Stupid Goes Away" just went live and shipped to radio. Who would you rather be, the PD that is asked to add it or the poor promotion person that has to work it? And who are The Sideways Sallys?

Haha well the good news is no promo person will have to rep it. We just kinda threw it out there for morning shows or whatever to play if they want. As hard as I tried to keep it from being political and staying in the middle that's impossible these days. People still find ways to make it something that is controversial therefore I'm not sure it will receive much airplay. I did learn a huge lesson there though. Trying not to offend and or please everyone is simply impossible. I think if I were to make that song now it would piss people off more than it did! The Sideways Sallys are my good pals, Jordan Walker and Adam Craig. We had a blast on this project and have two more singles coming soon.

Other than feature the single, what can radio do to partner with the project?...Are you doing morning show schtick to promote your new career. Track dates? Gas station remotes?

We will have to wait and see. I think morning radio would be a huge asset for promoting the project and also my comedy. Thankfully I have built a lot of long lasting relationships at radio and it's been awesome being able to call on some of them while touring and being able to jump on the air and promote my show!

Are you sure you thought this through? We've heard your radio show. You're not that funny.

I don't have to give a fig about the FCC on stage. Come to my show at Zanies in Nashville on June 29th and see for yourself!

We have also seen your stand up show. Gotta admit, it was achingly funny. Like, belly laughing, irreverent, hilarious and unorthodox brilliance. Who wrote it?

Thank you. I have been working hard at this. I'd have to say I have been writing that set for years and just now bringing it to the stage. Currently working on new material so my next show will measure up to that one!

Do you think terrestrial radio would have bigger numbers if they put comedians on to cover airshifts.... and letting them loose?

Funny you ask that, years ago I hired a very successful stand up comedian to do mornings for me at KSM in Sacramento and it was a huge success. He dominated in the ratings for a long time. I now tour with him and he has been an incredible mentor for me. It's awesome because I taught him radio and now he's teaching me comedy.

As a PD, who was the best and worst record reps that ever worked you over. As a Promotion VP, who was the best and the hardest PD to have to work?

As a PD I was completely unaware of how hard record promotion is and I never could understand why reps took it so personal. So I had some difficult conversations with a few reps and I'm sure I was not the easiest PD to work. I also had a very tight playlist. So as far as the worst reps go I'm sure I was the reason for bringing out the worst in them. I see that now having worked on the other side. If I could go back to radio I would do it differently. I'd have more patience and be more available to them. Record promotion is a hard job and it IS personal. You're fighting for these artists who are like family after a while. You live on the road with them and are trying to help them build their dream. How can that not be personal!? There must be a way to help radio better understand that aspect of it. The worst to work were the ones who never call back. I'm a big a boy. I can take no. But ignoring me and acting like I don't exist is BS.

We hear your podcast "Hot Chicken and Cage Free Conversation" is actually pretty amazing and funny as all hell. How do we find it and we hope it's better than your radio show in Sacramento...

Thank you. The podcast is fun and I'm learning a lot there. You can find anywhere and everywhere you get your podcasts. Apple, Spotify, Amazon Music, Iheart and more!

Sources included Amazon, Apple, You Tube, Google Play, Napster, Pandora, and Slacker, combined to provide you a pinpoint look at the top streaming songs.

KIDD G PEOPLE TALK

At MMI, We keep a close eye on Kidd G. Why? Because his streams (both audio and video) are both significant and substantial. "People Talk" and we listen. We dialed in to the multi side-bar conversations at this years CRS regarding the difference between terrestrial radio and DSP listeners. Is it a demo thing? Upper vs lower? Whatever the case, the kids know the Kidd. His numbers are way into the millions and he can pack out college campus venues and clubs that he's not even old enough to enter. Other luminaries question if he's "really Country". The small town (Hamilton, Georgia) boy is festooned in cammo and rides 4 wheelers so there are clearly boxes checked. What does it all mean? As Kidd G's number continue to climb, maybe there are indeed 2 different Country Music audiences. Which presents the question: Which is the alternative universe? Click here:

Check out these videos hand-picked by our staff!

CHRIS LANE - "STOP COMING OVER"

Everyone loves a good lyrical twist! And our favorite "Big Big Plans Man" sticks with it as he suggests that the love of his life should "Stop Coming Over". This Home Depot-ish video captures the moment when you just know it's time to get another key made and a house becomes a home. Infectious? You betcha. Just like love. Click here:

LEANN RIMES AND BRANDY CLARK - "SWINGIN"

So much going on in this brilliant clip. Firstly, we're reminded just how great the CMT Crossroads brand can be. And the pairing of the forever young, LeAnn with Nashville songwriter uber-mega masterful Brandy Clark, who quietly walks among the greatest in the craft bar none. Then, the choice to deliver the 1983 quirky smash "Swingin" that put John Anderson on multiple radio formats including Country, Top40, Hot AC and beyond. This video is a bundle of joy. Have some chocolate pie and click here:

TYLER DIAL - "WAY BACK WHEN"

Ok, this is weird. This video made us go buy a skateboard...they are out there we found. Anywho, Arizona boy Tyler Dial got his chops by gigging around Austin Texas bars and then made his way to Nashville. In the video of "Way Back When" you catch his way youthful looks and sound that embodies an old soul Country songwriter. Now, with that said, we're going out to the MMI sloping garage with our new toy while you click here:

KYLIE MORGAN - "INDEPENDENT WITH YOU"

Kylie is one of those special ones. Her amazingly radiant and clear voice captures you first as you fall into the trance of her mesmerizing original lyrics. In short, she's friggin' cool and soooo talented. Last years EP "Love, Kylie" is way worth the google-up. It's full, rich, and bubbling with great songs that will keep you away from the 'skip button'. The video "Independent With You" has the modern look and the new Country appeal that reminds us that Oklahomans have more than wind sweeping down the plains. Click here:

SHY CARTER - "HURRY"

Yes, we featured this video last week. And no, it hasn't changed. We wanted to remind you that at MMI, we love Shy Carter. If you haven't dug in to his amazing body of work, you're missing it. He's Memphis cool, ridiculously talented and on the edge of superstardom deluxe XL. He fits in no silo, has multiple format access and is quite frankly one of the best in the craft. His hit songwriting credits fill up a couple of mantels so you probably love some of his songs and didn't even know it.....if you haven't become a Carter fan yet, don't be shy, hurry. Click here:

Upgrade to elector

With upgrade incentives and enrollment discounts into RCS Academy, NOW is the time to reach out to our Music Scheduling Team! sales@rcsworks.com

Join the thousands of current programmers who have made the switch to GSelector.

- Dedicated onboarding team who will convert your existing Selector database
- RCS Academy enrollment incentives
- Convert your current contract with no upcharge
- Enterprise Solutions

Experience the latest GSelector scheduling innovations.

- Goal & Rule Based Scheduling
- Multi-Attribute Timed Segue Bans

CHARTS/POWERS:

- **AIRPLAY** is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.
- 2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.
- **NATIONAL CALLOUT** contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.
- **4 STREAMING, AUDIO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.
- **STREAMING, VIDEO** contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.
- **SALES** is base on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
