MANESKIN ON THE TONIGHT SHOW

It took some "Beggin" but these Italian glamsters proved that Top40 in the US thinks that its only rock and roll but we like it. Yes we do. So, with that established the MMI research staff stayed up way late to check out Maneskin on Jimmy Fallon and found Jimmy filling in on bass (no really) for ailing Victoria DeAngelis who couldn't perform. According to her socials, Vic posted that she was "OK but tired" and followed up with a photo in her lingerie. Rock on and click here:

Check out these videos hand-picked by our staff!

THE CHAINSMOKERS - "I LOVE U"

What have we learned here? One: That "Love Thing" never gets old. There's pure simple magic in the moment of when we say silently to each other, "Immah diggin' on you and you're diggin' on me so let's go for it". What else have we learned? Two: We guess bringing your phone to bed is a thing now. Cool. BTW, if you haven't heard it yet, just tune into Sirius Hits1 and Venus where they're pounding "I Love U" like a veal chop in the kitchen at Monte's Trattoria on McDougal. Click here:

BAD BUNNY - "MOSCOW MULE"

MMI Parental Guidance Label Warning: This video has nekkid peoples! We're way all about The Baddest of Bunnies and his cool rise to stardom from grocery store bag checker to multi-Grammy awards. The Puerto Rican superstar has found fame not only on the charts but also in the wrestling arena and TV acting. He's kinda a big dang deal. In the video of "Moscow Mule", you'll find a Nashville influence of old trucks, a dog, and a campfire. What you won't find is a lot of clothing. Click here:

5 SECONDS OF SUMMER - "ME MYSELF & I"

Look outside. Summer's here and the time is right for dancing in a really dark warehouse with a lot of costume changes. Australian pretty boys 5SOS are back with a salute to the holy trinity in "Me, Myself and I" and a cool video that would have been a slam dunk for an Urban Outfitter ad placement. Click here:

MUNI LONG - "HRS AND HRS"

Muni Long is the rebirth of the Uber-cool artist Pricilla Renae who had a nice run of soulful R&B exposure several years back. Returning with a new look and a new name, Muni makes a magnificent video and it's just in time. Starring the very leggy Ms. Long and a bunch of time-pieces, the song "Hrs and Hrs" is a tantalizing tribute to time well spent. Click here:

LAUV - "ALL 4 NOTHING (I'M SO IN LOVE)"

Things we can learn here: A. School buses must have the passengers removed before driving into the ocean. B. (Most) Pianos don't float. C. Gold leather sofas in the water can be fun and are a new twist on waterbeds. And D. Green may not really be LAUV's natural hair color. The artist by the way, floats well in a suit. Click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
