FOUNDER
TASTE OF HOPE

After a 2 year Hiatus, The 14th Taste of Hope wine Dinner is around the corner. How did the event begin all those years ago?

It was my first time serving on the City of Hope Spirit of Life Committee. Charles Goldstuck was being honored. I felt intimidated being the youngest exec in the room and knew I had to raise money creatively, as opposed to writing a huge check. So I came up with the idea to throw a wine dinner knowing how many people in the industry enjoy wine. I had never thrown an event and was not really a wine drinker, what could go wrong? Ha! It was a super stressful time putting the event together but in the end, it was a huge success. At the event I was surprised by Charles by Charles and named the youngest board member to join the City of Hope Board. The rest is history and Taste of Hope has become one of the best attended events in the industry.

The Wine dinner is a massive undertaking that always seems to run remarkably hitch-less. Tell us a behind the scenes story regarding a potential show stopping screw up?

Going back to year one, I was way behind on the minimum that I owed the venue and was pretty sure I would have to mortgage to apartment to get the event paid off. During a meeting with my then boss Craig Kitchin, he asked how the dinner was going and I immediately started crying. I explained the issue and he asked what it would take to make the dinner work. I told him the figure and without a word, he got up, walked to desk and wrote me a check for the number I needed. He slid it across the desk and said not to cry and just make it a great night. Once he did that, the whole event came together and in the end it all turned out better than expected but I will never forget that gesture.

Over the years we've seen some lovely wines featured at these events, yet we've also seen participants import their own cases, like "table competition". What's that about?

One of the most fun parts of the event is that our wine sponsors bring wines from their personal cellars to pour at the dinner. Keep in mind I started this dinner because of all the connoisseurs in the biz. We have certainly had some amazing and rare wines show up every year.

Ever thought about replicating this event in Nashville, but making it like Alissa Pollack's City of Hope Taste of Beer?

Absolutely! It's been discussed for sure! We have had great attendance from Nashville to the NY event but I think we would create a great event in Nashville. Anyone interested?

Over the years, The Taste of Hope has raising Millions for cancer research. With The pandemic shutting the event down for 2 years, we're the other events that took place to raises the much needed funding?

Unfortunately we couldn't have other events. We did do some auctions during the pandemic that helped raise funds but that's why this year is so important. It's been too long since we could raise the money we traditionally have in the past. A portion of the funds we raise at Taste of Hope goes towards the Musicians on Call Program that was launched to honor my dad. The Jason Pollack Bedside Performance Program brings the healing power of music to the patients at City of Hope so the dinner really helps two great causes.

Any seek preview of what for grabs at this year's silent auction?

We have some amazing packages lined up that will include experiences at the US Open, F1, exclusive wine and whisky tastings and other cool music and sports memorabilia.

If someone wants to participate in the event or just wants to donate, how can they do that?

If anyone wants to attend or make a donation, the link is:

[CITY OF HOPE DONATION](#)

All year long we are always looking for auction items and experiences to help raise money so I welcome any donations. Please reach out to me.

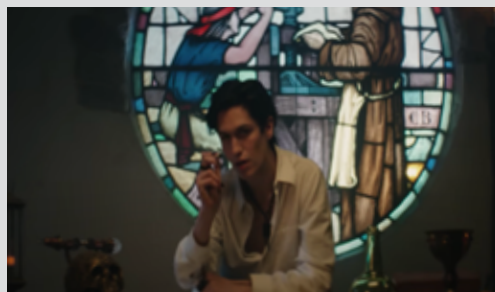

A GUITAR MADE FROM IKEA FURNITURE

Today at MMI we celebrate the restoration of civilization, the rebirth of global humanity, the cornucopia of creative ingenuity and unshakable faith in mankind. Why? Cuz this dude figured out how to make a guitar outa stuff from Ikea that was like, laying around his house. So to rock on with your Swedish self and don't fret the table leg, connect to your coffee table and click here:

Check out these videos hand-picked by our staff!

HUDDY - "ALL THE THINGS I HATE ABOUT YOU"

Hello! Here's a happy song about hate from Huddy! You know him as "Lil Huddy" but his angst musta given the boy a growth spurt. Lil Huddy is one of the founders of the TikTok Collective Hype House that busted out everything from music to fashion. Young Cole Hudson went from posting in his bedroom to world representation at William Morris Talent Agency and a fat deal at Interscope. This video has devils, dragons, demons, and a dang full tank of chart fuel. Click here:

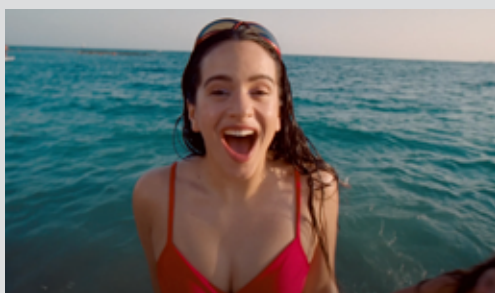

NICKI MINAJ - "SUPER FREAKY GIRL"

We're not sure what Ms. Minaj is talking about here but we think it's like a gardening instructional video. There's also some product placement subliminally advertising some outdoor summer fun for the kids on a slip n slide. We think. Anywho, Nicki treats us to a re-do of some classic Rick James and we all know how that ended up! Click here:

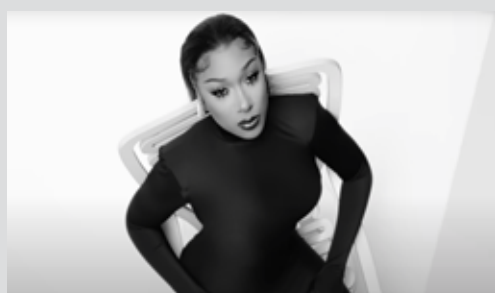

LIL BABY - "IN A MINUTE"

Lil Baby walks us through...well, flies us through the trials and tribulations of life on the road. There's a whole buncha diamonds, pearls, bling, wads of cash, and a seat on this private plane to make it a heavy load to burden. Dang, Lil Baby. If you need help carrying some of that trouble around, we are here to help! Click here:

ROSALIA - "DESPECHA"

If you stop by a visit at Casa Rosalia, what do you think you'll find on her mantle? Well, not much room because it's loaded with multiple Latin Grammys and as many college degrees. The Spanish brainiac started studying Flamenco and Folk that has translated into massive world wide hits. Her single "Con Altura" sold (yes, sold...as in people purchased) 7 million copies globally. If you forgot your 9th grade Spanish, this smash is about a broken heart being mended with a trip to the beach with Rosalias bestie lady pals. Click here:

MEGAN THE STALLION - "HER"

The Cool Kids in The MMI HQ do a lotta switchin' tween SiriusXM Hits 1 and Channel Venus. And when they do, we keep hearing this infectious potty-mouth groove pounding outta the speakers like the rattatat-tat of a jack-hammer on 6th Ave. Who is it shaken' up the King's English and makin' the meanest of us blush? It's "Her"...Megan The Stallion. Click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
