JAX

VICTORIA'S SECRET (FLASH MOB)

Full Disclosure: Alissa Pollack turned us on to Jersey Girl Jax.

We knew her from her finalist run on American Idol, but Alissa said "No, Dig deeper"! Correcto! The girl is cool and an amazing songwriter with prestigious awards for the art thereof. In this, "Home Style" vid, Jax leads us to good trouble via flash mob as she proclaims that she knows 'Victoria's Secret'. Click here:

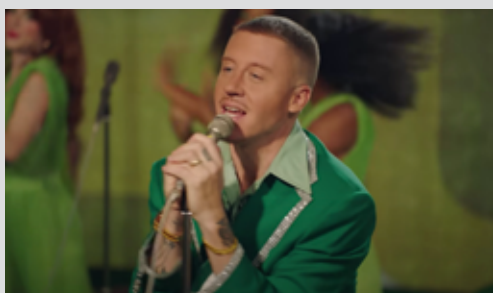

Check out these videos hand-picked by our staff!

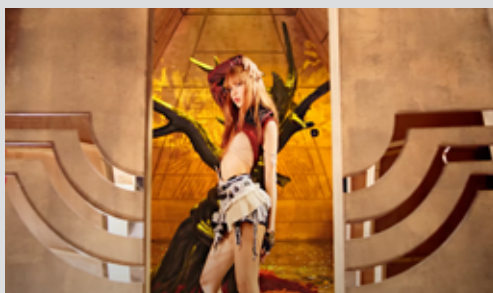

ZEDD, MAREN MORRIS & BEAUZ - "MAKE YOU SAY"

Maren ain't scared of nuttin. She can dance between Country to Chill and any genre fits like a glove. Here, she teams up with global superstar DJ Zedd and the emerging Brothers Yang (known as Beauz) and creates the coolest partially animated videos of the millennium. Talk about a river of tears, yo! Click here:

MACKLEMORE FT. WINDSER - "MANIAC"

Yes, no, HELL yes! Jello. We're thinking Lime Jello served in a ring with pecans. Macklemore brings the 70's back with cheerleading, 3 Dog Night-ish, pelvis thrusting grandeur in this oh so groovy, Windser cameoed clip of "Maniac". Hell yes, we're thinking lime jello! Click here:

BLACKPINK - "PINK VENOM"

The channel surfing MMI propeller-heads report that Sirius Hits-1 and Venus are pounding this one like the tympani section in Tchaikovsky's 1812 Overture. South Korea's BlackPink (who don't appear to be either black nor pink) warn of the beautiful danger and the deadly effects of their love in "Pink Venom". But who cares because, wow can they dance or what?! Click here:

ROSA LINN - "SNAP"

Rosa Linn is an Armenian singing-songwriting-producer. And in this video of the infectious and emotional track "Snap", there's a lot to unpack. 1. It's not love but the loss that inspires so many great songs (AKA heartbreak). A great writer once told MMI "You gotta put that s*#t somewhere. Might as well be on paper. 2. It's been a long hot summer and the snowy images are dang refreshing. 3. The amazing film "Up" gets a tip of the hat in the clip's storyline. Before you "Snap", click here:

ANEES - "SUN AND MOON"

Washington DC native Anees has a doctorate in Philosophy (wut?) and applies it to his skills of writing poetic rap lyrics and performing. Dr. Dude launched a TikTok Open Verse challenge that led to the song "Sun and Moon" which has set a few fires on international charts. In this artsy and fun feel-good video, Anees puts a spin on a single performance shot by playing for a roomful of stiff stuffed shirts. Click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
