SNAPSHOT OF A ROYAL LIFE

As the tributes continue to pour in, the MMI editors thought this narrated NBC produced clip was the best capture of a life so well lived. Few of us can remember life without Elizabeth the Second. We want to tell her that we love her a lot, but we gotta get a belly full of wine. God save the Queen and click here:

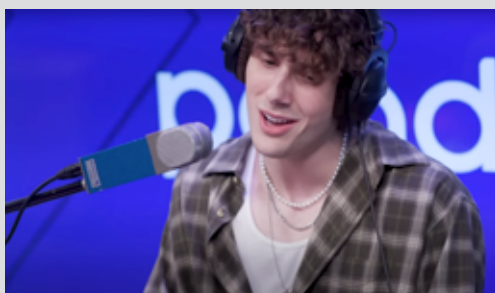

Check out these videos hand-picked by our staff!

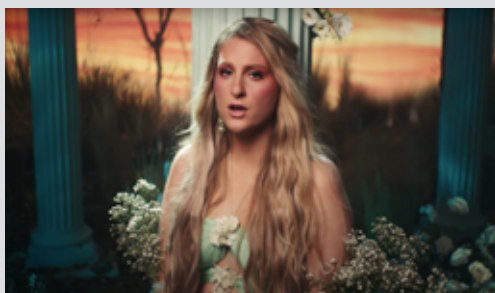

AVA MAX - "MILLION DOLLAR BABY"

MMI Rated F.T.W. Video Alert: Those three letters stand for "Fun To Watch". This smoking hot dance clip features late night club moves for miles as Ava continues to solidify herself as a top ranked Pop Goddess. No matter what color her hair is, she's simply on fire. And like so many major superstars before her, she's from Wisconsin.....ah, no wait. What? Click here:

JVKE - "GOLDEN HOUR"

Jake Lawson AKA JVKE is just another talented Pop superstar in the making from musical state Rhode Island. Think about the list of stars from there...There's, ah, no wait, and then there's...ah hmmm. Anyway Jake wrote the beautiful, compelling, and atmospheric smash "Golden Hour" with his bro Zac (Lawson..duh) sitting around in their bedroom. JVKE recently visited the cool kids at SiriusXM and lo and behold there was a dang piano in the lobby. For an awesome in-house live clip, click here:

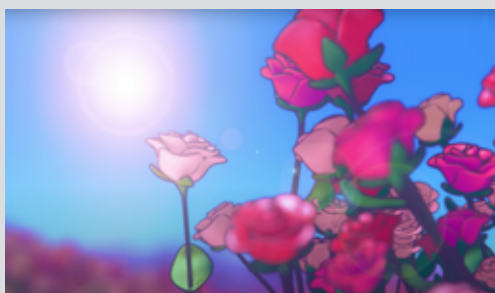

MEGHAN TRAINOR FT. TEDDY SWIMS - "BAD FOR ME"

It's All About The Vocals...and the song. Firstly, we're big Meghan fans. She's diverse, cool, talented as hell, and one of Planet Earth's best soul and pop vocalist. "All About That Bass" sold close to 12 million copies globally. Super bluesy Teddy Swims has amassed like 400 million youtube views and can also sing his butt off. This gospel-infused soulful tune is captured in a Garden of Eden multi-costume changing video called "Bad For Me". Click here:

TXT FT. IANN DIOR - "VALLEY OF LIES"

K-Pop tops and rocks the charts like bubble gum did in the late 60's and early 70s. That's not a slam. Huge sales were generated from pure pop fun from (mostly generated) groups that cohabited and balanced the top ten with The British Invasion. TXT AKA Tomorrow x Together is South Korea's latest powered up boy band sensation team up with Mr. Mood himself, Iann Dior. Together they tackle one of the most tackled subjects in song world, heartbreak. Click here:

ELTON JOHN, BRITNEY SPEARS - "HOLD ME CLOSER"

2022 will be remembered as the year the Sir Elton John returned to Top40 with not one but two chart busting smashes. And we can't forget that the phenomena of Kate Bush running up that chart albeit 37 years after it's release. And the brilliance of teaming with Britney and Dua has been a refreshing salute to the fact that a great song is a great song and has legs forever. Count the headlights and click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
