Upgrade to
GSelector®

With upgrade incentives and enrollment discounts into RCS Academy, **NOW** is the time to reach out to our Music Scheduling Team! sales@rcsworks.com

Join the thousands of current programmers who have made the switch to GSelector.

- Dedicated onboarding team who will convert your existing Selector database
- RCS Academy enrollment incentives
- Convert your current contract with no upcharge
- Enterprise Solutions

Experience the latest GSelector scheduling innovations.

- Goal & Rule Based Scheduling
- Multi-Attribute Timed Segue Bans
- No Restriction Scheduling
- Flex Clocks
- Selector2GO Mobile Creativity

Weighted Airplay, AIRscore, Streaming Scores, and Sales Scores this week combined and equally weighted deviser Powers Rankers.

A photograph of a person with long, dark, curly hair, wearing a red garment and a necklace, looking down. The background is warm and hazy.

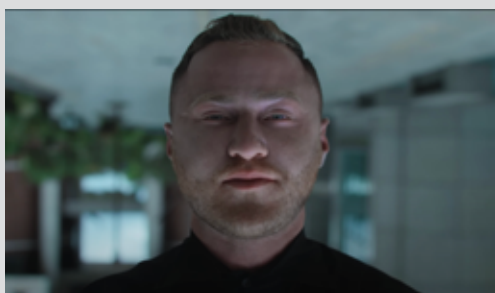

Check out these videos hand-picked by our staff!

BAD BUNNY - "ME PORTO BONITO"

This Bad Bunny has hopped into the rankings as one of the hottest artists on the planet Earth with streams, sales, and tickets to prove it. You don't need a Rosetta Stone course to figure out that this track has a monster groove. The video helps us monolingual dolts know that "Me Porto Bonito" is about a dude who is in heated pursuit of his neighborhood honey-pie. In any language, the interpretation is the same...this is one big Bad Bunny. Click here:

MIKE POSNER - "I'M NOT DEAD YET"

"Walkin'" Mike Posner is always up to something. Here, in this particular video, he's standing on his head dealing with the ups and downs, yin and yangs, happy and sads of everyday life. The once rattlesnake-bitten but not shy Mr. Posner paints a pop portrait with a danceable delivery and the comfort of a psychiatrist's couch. And yes, even though a dang snake did try to do him in, he's not dead yet. Click here:

SZA - "NOBODY GETS ME"

This track is a new avenue for SZA and is dripping with angst and emotion. It could cross to other formats like George crossed the Delaware. In this black and white rooftop clip, the emotion is raw yet toned down, and for us with grey temples, the Mazzy Star "Fade.." is prominent. Click here:

TEMS - "FREE MIND"

Ok, Clarity Here: We checked with the VPA (Volkswagon Protection Agency) and have been authorized to announce that no vintage VW Bugs were harmed (or scorched) in the making of this video. And this: We totally dig Nigerian Songbird Tems. She drifts flawlessly in and out of R&B, Jazz, Afro-beats, and Chill. In "Free Mind", she's all there and puts her signature all over this one. Click here:

POST MALONE - "CANDY PAINT"

This video has a very distinct theme. It's about cars. If you like cars, you will like this video. Fancy cars, fast cars, expensive cars, white cars, black cars. There is even a car that shoots blue flames out its exhaust pipes. No, really. Watch it..it sure does. Yep, cars. Oodles of 'em. If you love cars you will love Post Malone's "Candy Paint". If you have zero interest in cars, DO NOT click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

Recurrents are a simple calculation of songs that have trended downward and no longer qualify for Current status. Trailing 14 days are contemplated, along with 6 weeks of Retention Data, and are computed on a 50/50 level of importance.

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.

STREAMING AUDIO, VIDEO AND SALES

Streaming Audio and Video, and Sales, are based on trailing 14 days data. All major streaming services are used wherever possible, along with sales.

NOTE: Hot AC Callout information is provided as stand-alone information. This data does not factor into the main chart rankings in any way.
