MMI WEEK AT A GLANCE

JOHN SHOMBY

Partner, Radio's Fresh Eyes, LLC | EVP/GM Studio2Bee Entertainment
Sr. Chart/Data Analyst MMI Publications

It took just five weeks and now Miley Cyrus "Flowers" is the top-ranked song on the Powers chart. You could just see it coming. The song is the #1 seller and audio streamer and 2nd in video streams and callout. This is what defines a total hit, and the panel knows it.

Metro Boomin with The Weekend and 21 Savage and "Creepin" looks like the next candidate for the top spot moving up to 3rd overall from #6 ranking 3rd in audio streams and number one in callout. Two clear indications that this is an audience favorite.

Dropping to the second spot after 3 weeks at number is "Unholy" from Sam Smith and Kim Petras. It's still a big seller ranked 2nd and streaming well sitting at 3rd with video and 7th in audio plus 3rd in callout so this one is long from over. Meghan Trainor and Taylor Swift trade spots. Meghan's "Made You Look" rises to 4th and "Anti-Hero" from Taylor drops one spot to 5th. 3rd and 4th, respectively in sales and decent numbers in callout. All of this top five should be the first choices for hot rotation with the panel.

Biggest mover of the week? "Lavender Haze" from Taylor Swift vaults to #13 overall from the 21st spot last week. The song already has a sales story ranking 9th in that category and top 20 un streaming this early in the game. The panel needs to pay close attention to this superstar artist with another possible hit.

Another quick riser is Coi Leray's "Players" totally outperforming her airplay chart position. The song jumps into the top 15 this week at #11 all the way from 17th last week. With top 5 streaming numbers and a ranking of number 10 in callout, this one has gotten noticed by the audience so now it's the panels turn ranking just 23rd in airplay.

Kane and Katelyn Brown's "Thank You" continues to show signs of crossing over big moving up to 19th from #22 last week. Top 10 in sales and Top 15 in streams, the panel is starting to believe as the airplay rank rises to 26th from #32.

Two songs for the panel to keep a close eye on are "BZRP Music Sessions #53" from Shakira and South American DJ sensation BIZZARRAP at #21 this week ranking 12th in sales, 6th in video streams and 11th in audio streams and Drake and 21 Savage's "Rich Flex" hanging in at 16th with strong audio streaming at #4 and significant callout ranking 11th. With airplay rank of 35th and 36th in that order, both still have lots of room to move.

Songs that are performing higher than most with all of the heaviest increases in all MMI Components.

THE CALLOUT DIAGNOSIS HOTAC

MIKE McVAY

President
McVay Media Consulting

Miley Cyrus has answered the request by her fans to produce a new song and release something other than a cover. There is zero question as to her talent, but sales putting it at #1 and growth of her song in research leaves no doubt that she's for real. The song "Flowers" is said to be about the realization that a relationship you're in isn't right for either you or them. This song is absolutely right with 25-32 and 33-39-year-old women. Strong song that's about to move into the top-10 at Hot AC.

In the "Just Won't Stop" category is the song "Unstoppable" by Sia. The song "Creepin'" continues to step on her heels. Recorded by Metro Boomin', The Weeknd and 21 Savage, is number two on the chart, but scored number one as the highest testing song with Females 33-39.

Just off of a Grammy win for Best Pop Performance Duo or Group, Sam Smith & Kim Petrus continue to run up the numbers with "Unholy." The controversy around the singers costume and performance had barely settled down when this weeks' results put the song as the #8 biggest testing tune. The song shows 95% and higher in familiarity. It puts it into the Power category for most stations. I always like to watch the Top-40 chart for the biggest hits as they're the ones that translate closely to Hot AC. Such it is with "Unholy" which is #3 this week at Top-40.

Nicki Minaj should catch your ear with "Super Freaky Girl." The song samples Rick James "Super Freak" and Nicki puts her own spin on it. Be sure to grab the Radio Edit or you'll be spending time in the CEO's office explaining why the station is paying a nasty fine from the government. The song has proven itself at CHR where it's Top-5. The Hot AC chart has Ms. Minaj at #16. "Vegas" by Doja Cat is one to checkout.

If you're not playing Taylor Swift's "Anti-Hero" you're missing a high profile song that's getting a lot of repetition on TikTok and on Instagram Reels. BURT BACHARACH MEDLEY WITH ANDY WILLIAMS

He was handsome. He was humble and immensely gifted. Burt Bacharach 's status in songwriting history is timeless. He will be remembered with the same reverence as Cole Porter and Hoagy Carmichael. In this fuzzy 1968 clip from The Andy Williams Show, Bacharach's shyness and low-key demeanor are evident almost to the point of awkward. And because of the broadcast date, so many chart smashes, Grammy Awards and classics followed for decades. For a grainy look at a master in the craft, click here:

GRACIE ABRAMS - "WHERE DO WE GO NOW?"

Well, this better be a great video because Gracie's Dad is acclaimed film director JJ Abrams! Right? And this emotional chill-ish cinematic clip stars the lovely Ms. Gracie, a plant, a vase, and some awesomely cool shadows. Young Abrams is a talented singer-songwriter with depth to her lyrics that are packed with pop appeal. Click here:

ALEXANDER STEWART - "BLAME'S ON ME"

Youngster Alexander Stewart took the new route. Online covers, lotsa tiktok and other social media, built followers, and then boonski..... record deal. The Canadian singer-songwriter sounds like he's come to the realization that his issues have become someone else's and in the power-line dotted clip, he belts out an emotional and musical apology. Man up and click here:

KANE BROWN, KATELYN BROWN - "THANK GOD"

The Brown Fam has many things for which to "Thank God", like 2 beautiful daughters and 2 very distinct musical careers. Katelyn ain't just Kane's wife. She's had an admirable solo career of her own beginning in her Philly hometown and a music degree from the prestigious Berklee School of Music. And let's also bow our heads and thank God for the beautiful blurred lines of formats that let great songs grow into the smashes that are on multiple formats as this one is fireball at Top40, Hot AC, and Country. XG - "LEFT RIGHT"

And the South Korean talent imports keep on coming. In this case, the members of XG (short for Xtradiary Girls) are all Japanese but based in Seoul, SK. They follow a steady stream of mega-fun and super-talented singer-dancer groups that have become the global rage. Interesting that the members of XG are multilingual and sing (and speak) in English, Korean, and Japanese. Click here:

CHARTS/POWERS:

1 AIRPLAY is calculated by Trailing 14 Days of radio airplay on the Key Influencer radio stations – Top 157 radio stations by Average Quarter Hour. Charts are weighted using currently assigned points in Mediabase...100% point value for Morning Drive, 90% for Afternoon Drive, 80% for Mid-days, 70% for nights, 50% for Overnights.

2 AIRSCORE: THE AIRPLAY INTEL 3.0 RETENTION SCORE predicts listener tune-in/tune-out on song play by contemplating the trend over time relationship between local and national airplay, local/regional callout, and audio and video streaming.

3 NATIONAL CALLOUT contemplates more than 1,000 respondents weekly in four regions geographically equivalent over the trailing 14 days of calls.

4 STREAMING, AUDIO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

5 STREAMING, VIDEO contemplates trailing 14 days of all streaming. Songs with insufficient data are designated with an "x". These songs do not affect the Total Performance Score in any way.

6 SALES is based on 14 days trailing results. Songs with insufficient data are designated as PENDING. Pending songs do not affect Total Performance Score in any way.

HOT ZONE / DEVELOPING

All five components listed above are contemplated. Songs moving up and increasing significantly in TWO or more categories are designated in the Hot Zone. Other new releases are designated as Developing.

RECURRENTS

ACTION

Songs that are testing either in Callout or in Retention significantly higher than current Airplay rank. These songs are considered UNDEREXPOSED and deserving generally of greater airplay.
